

Comments on the Proposals:

Your views and comments can be made on the forms available at the exhibition.

We would also request your responses to the following specific questions included on the form.

Please note that your answers to all these questions are valuable to us, however you can just provide your general comments on the form if you wish.

1. Is this the best residential solution for this site?
2. Do you believe this design integrates with the surrounding area?
3. Do you consider that the use of traditional design features for the dwellings is appropriate for this site?
4. Which external materials would you consider to be most appropriate for the site?
 - a) Brick, b) Render, c) Stone, d) Mixture.

What Happens Next?

The views and comments received during and following this exhibition will be noted and considered in detail as part of the design process.

The preliminary design proposals will be revised in the light of these comments and a detailed scheme will then be prepared to enable a Full Planning Application to be submitted to West Somerset Council.

The final proposals will be available for viewing after the submission of the application at the Council Offices and on the Council's Website. They will also be available for viewing at www.reed-holland.co.uk.

NOTE:

All exhibition panels can be viewed on Reed Holland Associates website - www.reed-holland.co.uk.
